Professional Gunsmithing Services

Aiming To Please Every Time.

Hydrographic Dipping Scope Liability Waiver Form

I acknowledge that by allowing Centre Mass Armory LLC to dip my firearm scope, I understand that flooding may occur and I do not hold Centre Mass Armory LLC responsible for any damage related to the submerging of the scope in water.

I acknowledge that a representative from Centre Mass Armory LLC has explained the procedure for the dipping process and I am willingly allowing this process to take place even though my scope may be damaged.

I understand that scope manufacturers that make claims related to waterproof or water resistant scopes may not have indicated a total submersion of the product in water as covered under any said claim. I understand that if damage occurs, the manufacturer may void the warranty.

I give Centre Mass Armory LLC permission to dip my scope and fully understand the risks involved.
